

Tomatoes

Amish Paste (Indeterminate) bright red 8-12oz fruits vary in shape from ox heart to rounded plum. Delicious flesh is juicy and meaty, excellent for sauce or fresh eating. Seed originated from the Amish near Lancaster, PA.

Black Cherry (Indeterminate) This truly black cherry tomato was bred in Florida by the late Vince Sapp. Pick loads of these perfectly round, dark fruits with rich, sweet, dynamic flavor from just one plant. Great for shish-kebabs, salads (they're striking!), or just eating in the garden. Vines are quite vigorous, so use a tall cage.

Black from Tula (Indeterminate) Good yields of brown-red slightly flattened globes weighing up to 14oz. Rich full flavor, great for slicing and canning. Russian heirloom

Brandywine (Indeterminate) Named after Brandywine creek in Chester County, Pennsylvania. Large vines produce deep red 8-12oz fruits with excellent flavor. Very productive.

Dester (Indeterminate) Seed originated from an Amish woman in Seymour, Missouri who had received them from a family in Germany. Luscious pink-red beefsteak tomato weighing up to 1lb. winner of seed Savers Exchange tomato tasting contest in 2011 and runner up in 2012.

German Pink (Indeterminate) Potato leaf plants produce large 1-2 pound beefsteak fruits. Meaty flesh with few seeds, very little cracking or blossom scars. Full sweet flavor. Excellent for canning, freezing, and slicing.

Gold Medal (Indeterminate) A large yellow tomato streaked with red stripes. Firm and smooth with very little acid. One of our all-time favorites and one of the few original varieties we grow year after year.

Japanese Black Trifele (Indeterminate) High yields of blemish-free fruits that rarely crack. Rich full flavor, great for canning. The tomatoes are the size of a Bartlett pear (and are shaped like one) weighing around 4-5oz each. Potato leaf variety.

Jaune Flamme (Indeterminate) Beautiful heirloom from France. Early crops of apricot colored 4oz. fruits. Excellent fruity flavor with a perfect blend of sweet and tart. Great for drying or roasting while keeping its deep orange color.

Martinos Roma(Determinate) Italian heirloom with a heavy set of mild 2-3oz fruits. It is perfectly suited for making sauce, salsa and paste.

Mexico Midget (Indeterminate) winner of Seed Savers Exchange tomato tasting in 2014. Hundreds of 1/2 to 3/4 dark red cherry tomatoes on each plant. Great for salads and snacking. Prolific producer throughout the whole growing season.

Nyagous (Indeterminate) A wonderful, dark-colored 'cluster tomato' that produces perfect globe-shaped fruit that have smooth shoulders and are borne in clusters of 3-6 tomatoes! They are aromatic and have sweet, meaty flesh that has a rich taste.

Sheboygan (Indeterminate) Grown since the early 1900s by Lithuanian immigrants in Sheboygan, Wisconsin. Pink paste type with 4-6oz fruits. Heavy yields are great for canning.

Sungold (Indeterminate) This is one of the tastiest orange cherry tomatoes out there! Sweet, tangy taste throughout the season without any blemishes.

Sunrise Bumble Bee (Indeterminate) The fruits have a bright, sweet flavor with vibrant fire engine red with golden orange striping. Stunning cherry tomato with great flavor.

Wapsipnicon Peach (Indeterminate) (aka Yellow Peach, White Peach) named after the Wapsipnicon River in northeast Iowa. Heavy producer of 2" round fuzzy yellow fruits. Sweet, juicy, well-balanced flavor. Winner of SSE's 2006 Tomato Tasting. Rot resistant.

Peppers

Bull Nose Bell This is one of the first medium-large "bell"-type peppers. Delicious good-sized fruit are great in salads or for cooking.

Chervena Chuska Bulgarian pepper traditionally used for roasting; also delicious eaten fresh. Flesh is sugary sweet. Robust plants produce large tapered fruits measuring 2" wide by 6" long. Fruits ripen from green to brown to vivid red. 85 days from transplant. Sweet.

Corno di Toro Giallo The traditional favorite of Italy. Long 8" tapered, bull horn shaped golden yellow peppers are sweet and spicy. They are great fresh or roasted.

Fish The color of the fruit range from green, orange, brown, white and red, being spicy and hot. What really makes this pepper stand out is its wonderful foliage, as the 2-foot tall plants have stunning white and green mottled leaves, which makes this variety superb for ornamental and edible landscaping.

Jalapeño The jalapeño is a medium-sized chili pepper. A mature jalapeño fruit is 5-10 cm long and hangs down with a round, firm, smooth flesh of 1-1.5 in wide.

Jimmy Nardello The see was given by Jimmy Nardello to Seed Savers Exchange whose mother brought the seeds to the U.S. when she immigrated from the Basilica region of Italy in 1887. One of the very best for frying. Productive plants are loaded with glossy red 10" long sweet peppers.

King of the North The best red bell pepper we know for northern gardeners where the seasons are cool and short. Blocky uniform fruits are excellent for stuffing or fresh eating. Sweet.

Miniature Yellow Bell Short stocky plants covered with lovely 2" long miniature yellow bell peppers with an excellent fresh flavor. One of our favorites because it produces early and heavy! Great for salads. Sweet.

Quadrato Asti Giallo A large blocky bell pepper from Italy. Green peppers ripen very slowly to golden yellow. Thick crisp flesh with delicious sweet spicy flavor when either green or yellow. We call it the Green Bay Packer pepper because of it's beautiful green and yellow colors! Sweet.

Wenk's Yellow Hot The Three-inch long wax peppers with thick walls, ripen from yellow to bright orange then red. Grown by the late Eris Wenk, one of the last large truck farmers in Albuquerque's South Valley. A great variety for canning and pickling. Medium hot.
